Coordinator Guide

Complete guide for coordinators to manage competitions, events, teacher assignments, and student selections

Version 1.0 | April 2026

Table of Contents

1. Dashboard & Department Selection
2. Competitions Management
3. Events Management
4. Assign Teachers
5. Select Students
6. Prizes Management
7. Reports
8. Change Password

1. Dashboard & Department Selection

After login, coordinators see a dashboard with department cards. Click a department to manage its competitions.

UI Element	Type	What It Does
External Competition	Card	Click to manage external competitions and events.
Internal Competition	Card	Click to manage internal competitions and events.
Sports	Card	Click to manage sports competitions.
Other Competition	Card	Click to manage other competitions.
Back to Departments	Menu Item	Return to the department selection dashboard from any department page.

Note: Coordinators have access to ALL departments. Department In-Charges only see their assigned department.

2. Competitions Management

Create and manage competitions within the selected department. Each competition has a name, date, venue, and can be marked as completed or frozen.

UI Element	Type	What It Does
Add Competition button	Button	Opens a form to create a new competition.
Competition name	Input	Enter the name of the competition.
Competition date	Date Picker	Select the date of the competition.
Venue	Input	Enter the venue/location of the competition.
Competition cards	Card List	Each competition is shown as a card with name, date, venue, and status.
Edit button	Icon Button	Edit competition details (name, date, venue).
Complete toggle	Switch	Mark a competition as completed.
Freeze toggle	Switch	Freeze a competition to prevent further changes.
Delete button	Icon Button	Delete a competition (only if no events/participations exist).

How to Create a Competition

Step 1: Click 'Add Competition' button.

Step 2: Enter the competition name, select the date, and enter the venue.

Step 3: Click 'Create' to save the competition.

Step 4: The new competition will appear in the list below.

3. Events Management

Create and manage events within competitions. Events can be solo or group type, assigned to specific classes, and categorized.

UI Element	Type	What It Does
Competition selector	Dropdown	Choose which competition to manage events for.
Add Event button	Button	Opens a form to create a new event.
Event name	Input	Enter the name of the event.
Event type	Radio/Select	Choose 'Solo' or 'Group' event type.
Category	Dropdown	Assign a category to the event (optional).
Class selection	Checkboxes	Select which classes (1-12) are eligible for this event.
Event list	Table/Cards	Displays all events for the selected competition.
Edit/Delete buttons	Icon Buttons	Modify or remove an event.

4. Assign Teachers

Assign teachers to specific classes for a competition. Teachers can then select students from their assigned classes.

UI Element	Type	What It Does
Competition selector	Dropdown	Choose the competition.
Teacher dropdown	Dropdown	Select a teacher to assign.
Class selector	Dropdown/Multi	Choose which class(es) to assign to the teacher.
Assign button	Button	Save the teacher-class assignment.
Assignment table	Table	Shows current assignments with teacher name, class, and competition.
Remove button	Icon Button	Remove a teacher assignment.

How to Assign a Teacher

Step 1: Select the competition from the dropdown.

Step 2: Choose a teacher from the teacher list.

Step 3: Select the class number to assign.

Step 4: Click 'Assign' to save. The teacher will now see this competition in their dashboard.

5. Select Students

Select students for events in a competition. Coordinators can select students for any class and event.

UI Element	Type	What It Does
Competition selector	Dropdown	Choose the competition.
Event selector	Dropdown	Choose the event.
Class filter	Dropdown	Filter students by class.
Student list	Table	Shows eligible students with checkboxes for selection.
Select/Deselect buttons	Buttons	Add or remove students from the event.
Group number	Input	For group events, assign a group number.

6. Prizes Management

Award prizes to students who participated in competition events.

UI Element	Type	What It Does
Competition selector	Dropdown	Choose the competition.
Event selector	Dropdown	Choose the event to award prizes for.
Student list	Table	Shows participating students.
Prize dropdown	Dropdown	Select prize type: First, Second, Third, Runner Up, Consolation, etc.
Award button	Button	Save the prize award for the selected student.

7. Reports

Generate and export reports for competitions, events, and student participations.

UI Element	Type	What It Does
Competition filter	Dropdown	Filter report by competition.
Export button	Button	Download the report as CSV/Excel file.
Report table	Table	Displays participation details, prizes, and statistics.

8. Change Password

Change your login password. Accessible from the sidebar footer.

UI Element	Type	What It Does
Current Password	Input	Enter your current password.
New Password	Input	Enter your new password (minimum 8 characters).
Confirm Password	Input	Re-enter the new password to confirm.
Change Password button	Button	Save the new password.
