

Competition Management System

Teacher Guide

Complete guide for teachers to view competitions, select students, and manage participations

Version 1.0 | April 2026

Table of Contents

1. Dashboard Overview
2. My Competitions
3. Select Students
4. Change Password

1. Dashboard Overview

The Teacher Dashboard shows a summary of your assigned competitions and classes. You can see how many students you've selected and pending assignments.

UI Element	Type	What It Does
Assigned Competitions	Info Card	Shows the number of competitions you are assigned to.
Assigned Classes	Info Card	Shows which classes you are responsible for.
Recent Activity	List	Shows your recent student selections and updates.

Note: You can only see competitions and students for classes that have been assigned to you by a coordinator or department in-charge.

2. My Competitions

View all competitions where you have been assigned classes. Each competition card shows the competition name, date, venue, and your assigned classes.

UI Element	Type	What It Does
Competition cards	Card List	Each card shows a competition with its details.
Competition name	Label	Name of the competition.
Date & Venue	Label	When and where the competition takes place.
Assigned classes	Badge List	Shows which classes you are assigned to for this competition.
Status badge	Badge	Shows if the competition is active, completed, or frozen.

Note: If a competition is frozen or completed, you cannot make further student selections for it.

3. Select Students

This is your main working page. Select students from your assigned classes to participate in competition events.

UI Element	Type	What It Does
Competition selector	Dropdown	Choose from competitions you are assigned to.
Event selector	Dropdown	Choose the event to select students for.
Class filter	Dropdown	Shows only your assigned classes.
Student list	Table	Shows students in the selected class with checkboxes.
Select checkbox	Checkbox	Check to select a student for the event.
Group number	Input	For group events, enter the group number for selected students.
Save Selection	Button	Save your student selections for the event.

How to Select Students for an Event

Step 1: Choose a competition from the dropdown at the top.

Step 2: Select an event from the event dropdown.

Step 3: The student list will show eligible students from your assigned classes.

Step 4: Check the box next to each student you want to select.

Step 5: For group events, enter a group number for the selected students.

Step 6: Click 'Save Selection' to confirm your choices.

***Note:** You can only select students from classes assigned to you. If you don't see a class, contact your coordinator.*

4. Change Password

Change your login password. Accessible via the 'Change Password' button in the sidebar footer.

UI Element	Type	What It Does
Change Password	Sidebar Button	Located at the bottom of the sidebar, above 'Sign Out'.
Current Password	Input Field	Enter your existing password.
New Password	Input Field	Enter your new password (minimum 8 characters).
Confirm Password	Input Field	Re-enter the new password to confirm.
Save button	Button	Click to update your password.

How to Change Your Password

Step 1: Click 'Change Password' at the bottom of the sidebar.

Step 2: Enter your current password.

Step 3: Enter your new password (must be at least 8 characters).

Step 4: Re-enter the new password to confirm.

Step 5: Click the save/submit button to update.

Note: If you forget your password, contact the system administrator to reset it.
